To: Fair Share Fee Payers

From: California Teachers Association

Date: August 3, 2018

Subject: Refund of Fair Share Fees Covering June 27 – August 31, 2018

On June 27, 2018, the Supreme Court of the United States changed a long-standing law and ruled fair share fees to now be unconstitutional. As of the date of that Court decision, you and other Fair Share Fee Payers are no longer obligated to pay fair share fees for the Union's representational activities on your behalf, and such fees will no longer be deducted from your pay.

The enclosed check provides a refund of all fees collected on your behalf that cover the period from the June 27 decision date through the end of the membership year (August 31), including interest. This refund check covers fees for this period that went to your local association, CTA, and the National Education Association.

If you received this check and believe you are a Union member or wish to be a member to contribute to the Union's representational activities on your behalf, please contact your school site representative or membership@cta.org.
