

Natomas Teachers' Association

About us: We are the Natomas Teachers' Association. We are the teachers in the classrooms with your children. We are professional men and women with a passion for teaching. We are teachers who embrace the responsibility to educate the youth of the Natomas Community. We are convinced that the children of the Natomas Community benefit most when the teachers in the classroom are valued and recognized for what they are - the teachers of your children.

Election Season Information from CTA

Dear Chapter Presidents: We're less than two weeks away from one of the most important elections of our time. Your vote will make the difference in the lives of our students and their families. Earlier this year, the 800 democratically elected members of CTA's State Council of Education made recommendations for this election. At the same time, State Council voted to allocate up to \$5 million to fund these recommendations as well as our efforts in the state budget crisis.

Those recommendations are:

- [Barack Obama for U.S. President](#)
- [Congressional, State Assembly and Senate Recommendations](#)
- [YES on Proposition 3](#) - Children's Hospital Bond Act of 2008
- [NO on Proposition 4](#) - Protect Teen Safety
- [NO Proposition 6](#) - Fund Schools not Prisons
- [NO Proposition 8](#) - Support Equality for All
- [NO Proposition 9](#) - Costly, Unnecessary and Misleading

You may have heard from the public and some members concerned about CTA's position on Prop. 8. The Yes on 8 Campaign is using lies and scare tactics to deliberately mislead voters. Prop. 8 will not change any state education law. It has no impact on public schools at all. A California Superior Court Judge has ruled these claims by Prop. 8 proponents as "false and misleading."

The California Teachers Empowerment Network, which is supported by National Right to Work, has jumped on these distortions in an effort to undermine the strength and unity of CTA. You or some of your members may have received an email from CTEN encouraging people to resign

from CTA. This is the same group that organized in support of the anti-teacher and anti-union initiatives that were soundly defeated in 2005.

CTA has a long and proud history of standing up for the civil rights of all people. It is part of our mission: The California Teachers Association exists to protect and promote the well-being of its members; to improve the conditions of teaching and learning; to advance the cause of free, universal, and quality public education; to ensure that the human dignity and civil rights of all children and youth are protected; and to secure a more just, equitable, and democratic society. California's constitution should guarantee the same freedoms and rights to everyone. Prop. 8 singles out some people to be treated differently. CTA's recommendation to vote No on Prop. 8 is the latest in a long line of positions that promote equality for all.

Below are two links to information that can help you when answering questions about CTA's recommendation process and No on 8.
